2018-2021 Instructional Technology Plan - Annually - 2018

I. District LEA Information

Section I - District LEA Information

1. What is the name of the district administrator responsible for entering the Instructional Technology Plan data?

Leah Horn

2. What is the title of the district administrator responsible for entering the Instructional Technology Plan data?

Other (please identify in Question 2a, below)

2a. If 'Other' was selected in Question 2 above, please identify the title.

Technology Innovation/Integration Specialist

For help with completing the plan, please visit 2018-2021 ITP Resources for Districts, contact your district's RIC, or email edtech@nysed.gov.

2018-2021 Instructional Technology Plan - Annually - 2018

II. Strategic Technology Planning

Section II - Strategic Technology Planning

1. What is the overall district mission?

The Haldane Central School District will prepare all students to succeed in an ever-changing global society.

2. What is the vision statement that guides instructional technology use in the district?

Provide the space, tools, and capacity to grow and change as needed to meet the demands of the learner in a campus where technology is ubiquitous and access is available to all and where the classroom supports multiple learning styles to fit the needs of all students.

3. List three goals that will drive the attainment of the vision.

| | List Goals |
|--------|--|
| Goal 1 | Foster and support an ongoing passion for teaching and learning through the implementation of authentic, project-based experiences that promote engagement, motivation and deeper learning and provide diverse career, civic, and educational opportunities. |
| Goal 2 | Create a long-range facilities plan that will begin to match the buildings and the classrooms to the dynamic vision of the community and its students, ensuring a safe, efficient, collaborative and inspiring place to learn. |
| Goal 3 | Provide the space, tools, and capacity to grow and change as needed to meet the demands of the learner in a campus where technology is ubiquitous and access is available to all and where the classroom supports multiple learning styles to fit the needs of all students. |

4. Do you want to list a fourth goal that will drive attainment of the vision?

No

5. Do you want to list a fifth goal that will drive attainment of the vision?

No

6. Summarize the planning process used to develop answers to the Instructional Technology Plan questions and/or your district comprehensive instructional technology plan. Please include the stakeholder groups participating and the outcomes of the instructional technology plan development meetings.

The Haldane District Technology Committee is comprised of Administrators, Teachers, Board of Education Members and Parents. The questions and answers are shared with the group for their feedback. The Technology Committee meets five times throughout the school year to strategize around the mission and goals of the Instructional Technology Plan. The committee is also charged with measuring progress towards technology goals. The committee reviews the NYSED Instructional Technology Framework requirements and provides feedback.

- Please describe the professional development plan for building the capacity of educators and administrators in the attainment of the instructional technology vision.
 - Systemically support on-going technology and assistive technology professional learning opportunities for teachers, staff, and administrators to support teaching and learning.
 - Continuing to implement ISTE Administrator and Teacher Technology Standards (NETS) practices to ensure that curriculum,
 instructional strategies, and the learning environments are successfully utilizing a variety of existing and emerging digital learning tools.
- 8. How will the instructional technology goals be measured and evaluated during and after implementation? Be sure to include any tools or metrics that are part of this evaluation process.

Surveys are conducted as needed. The results from these surveys are used for planning technology purchases, to determine and schedule training, and to make decisions for a district-wide building projects. Future surveys are planned to determine budget needs, project decisions and determine additional training needs.

For help with completing the plan, please visit 2018-2021 ITP Resources for Districts, contact your district's RIC, or email edtech@nysed.gov.

III. Action Plan - Goal 1

Section III - Action Plan

Overview: This section requires specific action steps that will be taken in order to achieve each of the goals presented in Section II of the plan. Each goal will have its own page in the plan. For this page, copy Goal #1, which you listed in Section II, Question 3, and respond to all questions below.

1. Goal #1

Foster and support an ongoing passion for teaching and learning through the implementation of authentic, project-based experiences that promote engagement, motivation and deeper learning and provide diverse career, civic, and educational opportunities.

- 2. Select the NYSED goal that best aligns with this district goal.
 - 1. Develop a strategic vision and goals to support student achievement and engagement through the seamless integration of technology into teaching and learning
- 3. Target Student Population(s). Check all that apply.

| ☑ All students | ☐ Migrant students |
|------------------------------|---|
| □ Pre-K-2 | ☐ Homeless students |
| ☐ Grades 3-5/6 | ☐ Economically disadvantaged students |
| ☐ Middle School | ☐ Students between the ages of 18-21 |
| ☐ High School | ☐ Students who are targeted for dropout prevention or |
| ☐ Students with Disabilities | credit recovery programs |
| □ ELL/MLLs | ☐ Other (please identify in Question 3a, below) |

4. List the action steps that correspond to Goal #1 from your answer to Question 1, above.

III. Action Plan - Goal 2

Section III - Action Plan

Copy Goal #2, which you listed in Section II, Question 3, and respond to all questions below.

1 Goal #2

Create a long-range facilities plan that will begin to match the buildings and the classrooms to the dynamic vision of the community and its students, ensuring a safe, efficient, collaborative and inspiring place to learn.

2. Select the NYSED goal that best aligns with this district goal.

4. Design, implement, and sustain a robust, secure network to ensure sufficient, reliable high-speed connectivity for learners, educators, and leaders

3. Target Student Population(s)

| ☑ All students | ☐ Migrant students |
|------------------------------|---|
| □ Pre-K-2 | ☐ Homeless students |
| ☐ Grades 3-5/6 | ☐ Economically disadvantaged students |
| ☐ Middle School | ☐ Students between the ages of 18-21 |
| ☐ High School | Students who are targeted for dropout prevention or |
| ☐ Students with Disabilities | credit recovery programs |
| □ ELL/MLLs | ☐ Other (please identify in Question 3a, below) |
| | |

2018-2021 Instructional Technology Plan - Annually - 2018

IV. NYSED Initiatives Alignment

Section IV - NYSED Initiatives Alignment

1. Explain how the district use of instructional technology will serve as a part of comprehensive and sustained effort to support rigorous academic standards attainment and performance improvement for students.

The district uses a variety of summative and formative assessments as part of a continuous improvement approach to student achievement and effective teaching. NWEA is one such measure where the district analyzes student performance along benchmarks to ensure they are exceeding national and state standards.

Students with disabilities may be served through the use of instructional technology as well as assistive
technology devices and services to ensure access to and participation in the general curriculum. Describe how
instruction is differentiated using technology to support the individualized learning needs of this student group.

Grades K-12 have a 1:1 Chromebook initiative as well as access to iPads. Teachers of students with disabilities are trained in the accessibility features of the IPad. Students are shown how to have items read, use speech to text software, and to adjust visual settings in order to assist their knowledge acquisition from whatever is presented on their iPads. Google classroom is used in many special education classrooms, allowing students to have continuous access to classroom materials for review and assistance outside of the classroom time. It also enables the teacher to differentiate assignments within that space in a confidential manner.

Smart Boards and/or interactive TV's allow students to be interactive with the curriculum. Additional technology has been used to help students with Attention Deficit Disorder focus on tasks at hand. Timers and small vibrators send signals to students who may need help refocusing on a task. Allotted time is determined in collaboration with the IEP or 504 team. Specialized technology is provided by the district in accordance to the students IEP.

The district's professional development plan is aligned to its needs, as determined by various data points collected through surveys and observational data. The district provides in-person training before, during, and after school hours; during faculty meetings; through external Teacher Center offerings; at building level Technology Committee meetings; during faculty meetings; when school is not in session or holiday breaks; via online resources developed specifically for the district population and via targeted resources disseminated through email or on training websites. Professional development opportunities follow established best practices and respect the various needs and learning styles of our adult learners.

- 3. How does the district utilize technology to address the needs of Students with Disabilities to ensure equitable access to instruction, materials, and assessments? Check all that apply.
 - ☑ Class lesson plans, materials, and assignment instructions are available to students and families for 'anytime, anywhere' access (such as through class website or learning management system).
 - ☑ Direct instruction is recorded and provided for students to access asynchronously (such as through a learning management system or private online video channel).
 - ☑ Technology is used to provide additional ways to access key content, such as providing videos or other visuals to supplement verbal or written instruction or content.
 - 🗹 Text to speech and/or speech to text software is utilized to provide increased support for comprehension of written or verbal language.
 - ☑ Assistive technology is utilized.
 - ☑ Technology is used to increase options for students to demonstrate knowledge and skill.
 - ☑ Learning games and other interactive software are used to supplement instruction.
 - ☐ Other (please identify in Question 3a, below)

| ☑ | Using technology to differentiate instruction in the | | Other (please identify in Question 4a, below) |

5. How does the district utilize technology to address the needs of English Language Learners/Multilingual Learners to ensure equitable access to instruction, materials, and assessments? Check all that apply.

| 2 | Class lesson plans, materials, and assignment instructions are available to students and families for 'anytime, anywhere' access (such as through |
|---|---|
| | class website or learning management system) |

- ☑ Direct instruction is recorded and provided for students to access asynchronously (such as through a learning management system or private online video channel).
- ☑ Technology is used to provide additional ways to access key content, such as providing videos or other visuals to supplement verbal or written instruction or content.
- ☑ Text to speech and/or speech to text software is utilized to provide increased support for comprehension of written or verbal language.
- ☑ Home language dictionaries and translation programs are provided through technology.
- ☑ Hardware that supports ELL/MLL student learning, such as home-language keyboards, translation pens, and/or interactive whiteboards, is utilized.
- ☑ Technology is used to increase options for students to demonstrate knowledge and skill, such as through the creation of a product or recording of an oral response.
- ☑ Learning games and other interactive software are used to supplement instruction.
- ☐ Other (please identify, in Question 5a, below)
- 6. The district's instructional technology plan addresses the needs of English Language Learners/Multilingual learners to ensure equitable access to instruction, materials, and assessments in multiple languages.

Yes

6a. If Yes, check one.

In the 5 most spoken languages in the district

6b. If 'Other' was selected in 6a, above, please explain here.

(No Response)

IV. NYSED Initiatives Alignment

7. Please select the professional development that will be offered to teachers of English language learners/multilingual learners that will enable them to differentiate learning and to increase their student language and content learning with the use of technology. Check all that apply.

| Ø | Technology to support writers in the elementary classroom | ~ | Multiple ways of assessing student learning through technology |
|---|---|----------|--|
| ☑ | Technology to support writers in the Secondary | ₹ | Electronic communication and collaboration |
| | classroom | ₹ | Promotion and model digital citizenship and |
| ☑ | Research, writing and technology in a digital word | | responsibility |
| ☑ | Writing and technology workshop for teachers | ✓ | Integrating technology and curriculum across core |
| ☑ | Enhancing Children's Vocabulary Development with | | content areas |
| | technology | ₹ | Web authoring tools |
| ☑ | Writer's workshop in the Bilingual classroom | ₹ | Helping students connect with the world |
| ☑ | Reading strategies for English Language Learners | ₹ | The interactive whiteboard and language learning |
| ☑ | Moving from learning letters to learning to read | ☑ | Use camera for documentation |
| | The power of technology to support language | | Other (please identify in Question 7a, below) |
| | acquisition | | |
| ☑ | Using technology to differentiate instruction in the | | |
| | language classroom | | |

8. How does the district use instructional technology to facilitate culturally-responsive instruction and learning environments?

- The district uses instructional technology to strengthen relationships and connections with families to assist in building a culturally responsive learning environment to enhance student learning.
- ☑ The district uses instructional technology to facilitate classroom projects that involve the community.
- ☑ The district uses instructional technology to develop and organize coherent and relevant units, lessons, and learning tasks that build upon students' cultural backgrounds and experiences.
- ☑ The district uses instructional technology to assist in varying teaching approaches to accommodate diverse learning styles and language proficiencies.
- ☐ The district uses instructional technology to enable students to communicate and collaborate with students in different schools or districts in New York State, the United States, or with different countries.
- ☑ The district uses instructional technology to facilitate collaborative classroom projects among heterogeneous student groups.
- ☐ The district does not use instructional technology to facilitate culturally responsive instruction.
- ☐ Other (please identify in Question 8a, below)

For help with completing the plan, please visit 2018-2021 ITP Resources for Districts, contact your district's RIC, or email edtech@nysed.gov.

V. Administrative Management Plan

3. Has the school district provided for the loan of instructional computer hardware to students legally attending nonpublic schools pursuant to Education Law, section 754?

Yes

Please indicate whether or not the district has a public website.

The district has a public website.

4a. Provide the URL of the district's public website.

www.haldaneschool.org

Please indicate whether or not the district has assigned a specific person with responsibility for Information Security.

Yes

5a.

If 'Yes' was selected in Question 5 above, please identify the responsible person's title.

Chief Information Officer

6. Please indicate whether or not the district has assigned a specific person with responsibility for Information Privacy.

Yes

6a. If 'Yes' was selected in Question 6 above, please identify the responsible person's title.

Chief Information Officer

7. Has a district-wide information security and/or privacy audit ever been performed in the district?

Yes

7a. If 'Yes' was selected in Question 7 above, please identify how often a security and/or privacy audit has been performed?

Every Five Years

7b. If 'Yes' was selected in Question 7 above, please indicate whether the audit(s) was/were performed by an independent 3rd party contractor.

Yes - all audits were performed by a 3rd party contractor

8. Does the school district provide for educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms?

Yes

9. Does the school district provide for educating minors about cyberbullying awareness and response?

Yes

10. Does the district have an Internet Safety Policy?

Yes, and I will provide the URL to the policy.

10b. Please provide the URL to the district's Internet Safety Policy.

https://drive.google.com/open?id=0B8xwYRIwEbFcQndSa2txZml6TkU

11. Does the district have a Cyberbullying Policy?

Yes, and I will provide the URL to the policy.

11b. Please provide the URL to the district's Cyberbullying Policy.
